DYKES TAKE OVER THE WORLD

L. A. B. I. A

BULLDIKE, or BULLDYKE: In slang, a strong, warriorlike Lesbian, assertive-looking Gay woman; from the name of a warrior Queen of the Celtic Hicca people (Boudica, "boo-dike-a") who rose up against Roman colonization in A.D. 61. Variations of the slang word are *bulldagger*, *bulldag*, and, in the Gay bar slang of the fifties, *Dieseldike*.

BUTCH: Cross-gender mannerisms in a woman. Usually considered very attractive, especially by one's lover. Among Gay men the term loosely refers to assertive, "masculine" characteristics but also may be a term of endearing fun; for instance, giving someone a teddy bear with the word "Butch" lettered across the chest means he doesn't have to relinquish his Gay characteristics to be attractive. In straight culture *Butch* has military masculine characteristics. For Gay people it probably derived from the French for goat, *bouch*, reference to the ceremonial cross-dressing of Gay pagan "priest/shamans" taking the part of the horned god or goat-god (done by both women and men).

AFRIKETE: Early West African trickster/warrior goddess whose characteristics later passed over to Eshu/Elegba.

APHRODITE: Greek goddess of love, Sappho's god. Aphrodite Urania was said to be the goddess special to homosexuals.

Why Are Men and Women Different?

It isn't just upbringing.
New studies show
they are born that way.

**SEXIST
SHIT**

We are cultural animals, and these are ultimately cultural decisions. In fact, the whole discussion of innate sexual differences is itself heavily shaped by cultural factors. Why, for example, is the study of innate differences such a sexy, well-funded topic right now, which happens to be a time of organized feminist challenge to the ancient sexual division of power? Why do the media tend to get excited when scientists find an area of difference and ignore the many reputable studies that come up with no differences at all?

**ABNORMAL INTEREST
IN FOOD**

So one day I came home and there she was- my girlfriend smothered in tomato sauce eating out this friend of ours in my bathtub! I was furious because I had stopped on the way home to get bean burritos for dinner and she had already skipped to dessert. I grabbed the parmesian cheese and took a flying leap into the

tub. In seconds hungry mouths were ripping my clothes to bits. The world became flooded with the tart smell of three cunts marinated in tomato basil sauce with just a hint of garlic. Someone bit my nipple. A piercing stab paralyzed the entire left side of my body. You fucking bitch! That was no meatball- that was my tit!! My girlfriend screamed, "if you can't take the heat - stay out of the kitchen!" I grabbed her hair and pushed her face into the red liquid and then drank the juice from her mouth ravenously. I was slapped across the face with a huge wooden spoon. " Good shot", I grinned in spite of the sting. "Now cool it you two", our friend reprimanded, "or you won't have any room left for the second course!".
